Dennis R. Fay

Table of Contents

EXECUTIVE SUMMARY	vii
-------------------------	-----

1 — CONGESTION MANAGEMENT AGENCY

Composition of the CMA	1
Voting	2
Functions and Responsibilities	2

2 — DESIGNATED ROADWAY SYSTEM

Relationship to <i>Regional Transportation Plan</i>	5
Designated CMP System.....	6
The CMP System.....	7

3 — LEVEL-OF-SERVICE STANDARDS

Level-of-Service Standards	22
Traffic Monitoring Program	24
Comparison with Previous Results.....	28
Compliance and Conformance	29
Local Government Responsibilities	29

4 — PERFORMANCE ELEMENT

Relationship to Alameda <i>Countywide Transportation Plan</i>	35
Performance Measures	37
Transit Service Performance Measures	41
Local Government and Transit Agency Responsibilities	43
Compliance and Conformance	44

TABLE OF CONTENTS

5 — TRAVEL-DEMAND MANAGEMENT ELEMENT

Continuing Development	45
Alternative Transportation Methods	46
Making Travel-Demand Management Integral to Congestion Management	46
A Balanced Travel-Demand Management Program	47
Alameda County Travel-Demand Management Program	47
Funding of Trip-Reduction Programs	53
Parking Cash-Out Demonstration Programs	53
Congestion Pricing Strategies	56
Compliance/Conformance	56
Local Government Responsibilities	58

6 — LAND-USE ANALYSIS PROGRAM

What's Included in the Land-Use Analysis	59
Land Development Projects Subject to Review	60
Development Review Process	62
Responsibility for Modeling	65
Areawide Traffic Impact Mitigation Fees	65
Jobs/Housing Balance	65
Transit-Oriented Development in Alameda County	67
Regional Agencies Smart Growth Strategy	67
Relationship to California Environmental Quality Act	68
Relationship to Transit	69
Compliance and Conformance	71
Local Government Responsibilities	72

7 — CAPITAL IMPROVEMENT PROGRAM

Relationship to the Transportation Efficiency Act of 1997	73
Relationship to the <i>Regional Transportation Plan</i>	73
Principles for Investment of Surface Transportation Program /Congestion Mitigation and Air Quality Funds	74
Programming Structure for Surface Transportation Program and Congestion Mitigation and Air Quality Funds	75

Senate Bill 45 and Project Delivery	78
A Diversified Strategy	81
Components of the Capital Improvement Program.....	82
Funding of the Capital Improvement Program.....	83
Capital Improvement Program	83
Updating the Capital Improvement Program.....	84

8 — CONFORMANCE, MONITORING AND DEFICIENCY PLANS

Conformance	96
Monitoring.....	96
Deficiency Plans.....	98

9 — DATABASE AND TRAVEL MODEL

Database Development.....	105
Model Development	105
Planning Areas	106
Traffic Analysis Zone System.....	107
Model Results.....	108
Subarea Models	108
2004 Model Update	108

10 —CONCLUSIONS AND IMPLEMENTATION ISSUES

Implementation Issues	112
-----------------------------	-----

TABLES

1. — Alameda County Congestion Management Agency Voting Structure	4
2. — Schedule for CMP-Designated System	8
3. — CMP-Designated System, Route List	8
4. — Approach to Levels of Service	23
5. — Relationship between Average Travel Speed and Level of Service	26
6. — Level of Service "F" Freeway Segments for Alameda County CMP-Designated Roadway System.....	30
7. — Level of Service "F" Arterial Segments for Alameda County CMP-Designated Roadway System.....	32
8. — Level-of-Service Trends on the CMP-Designated System (P.M. Peak Period).....	33
9. — Performance Measures	38

TABLE OF CONTENTS

10. — Performance Measures for Frequency of Transit Service	42
11. — Alameda County Travel-Demand Management Program.....	49
12. — Financial Incentive Participant Summary	57
